## President's Message: Ground Breaking Ceremony May 1st, 2009

NCCC Staff: Ashley Waters, Terri Seymour, Kerry Painter & Jeff Dixon

Friday, May 1st, 2009 Niagara Convention & Civic Centre had it's official ground breaking ceremony.

Luckily the sun was out and the rain held off and we were able to celebrate this exciting milestone with government officials; board members; and friends from the community.

The first official clients were flown in by helicopter to sign their contacts which included the Canadian Tire Dealer's Association & the Federation of Canadian Municipalities. On behalf of the staff at NCCC, we would like to thank everyone who came out in support of the event.
